

SharePoint Mentoring

Mentoring can be used for any SharePoint-related services from design review to advisory services to support/troubleshooting, provided however that the services provided do not include actual hands-on implementation. Implementation services can be procured via a Support Services agreement or formal Statement of Work with the appropriate, associated Terms and Conditions.

Details:

- Mentoring is provided on a pre-paid basis; a binding PO is sufficient to engage services prior to actual payment.
- Sessions are valid for 12 months from the time of purchase at which point they expire
- Mentoring is consumed in 1-hour increments; you are encouraged to group smaller requests together to utilize the full hour.
- Unused hours can be converted to consulting hours if you need us to do the work for you.
- All major credit cards are accepted.
